ABOUT SIMO EDUCATION

SIMO Education is founded in 2007 by deeply passionate IIT and IIM Alumni, working for promotion of basic sciences and education in India and South-East Asia. SIMO Education Olympiads is our initiative to brain storm students and improve their cognitive skills.

In addition to conducting Olympiads, our activities include teacher training, publication of top notch Olympiad and school education content, creating e-learning content, services to schools and private companies in education domain on high end, original and custom content development.

Over the past ten years we served more than a million students and over 2800 schools. Our core team contains Olympiad Awardees and IITians. Through eight successful Olympiads till date, we have identified and nurtured hundreds of toppers at various International Olympiads and other national competitive exams.

ABOUT SHAASTRA, IIT MADRAS

SHAASTRA is the annual technical festival of Indian Institute of Technology Madras, (IIT Madras), Chennai, India and the first ISO certified festival of its kind. It is a 4 day festival usually held in January every year. Since 1999 it has been a confluence of students, academia and industry and the biggest platform in south India to showcase the passion for technology.

SIMO Education is glad to be associated with SHAASTRA 2016, IIT Madras as partners for 9th SIMO Education Olympiads 2015-16.

Seeing our credibility, SHAASTRA believes in the standards of our Olympiads and are willing to invite the toppers of this year Olympiads to SHAASTRA 2016 which will be held at IIT Madras in January 2016. We feel it is a great opportunity for the students to get their morals boosted with the exhibitions, events, guest lectures from eminent personalities and nail biting competitions by SHAASTRA.

SELECTION CRITERION FOR LEVEL II (Final test)

Student should be in top 8 - 10 % among all the participants that took the Olympiad, based on the relative performance and cut-off marks OR he/she should be in top 4% of the participants from his school (school quota).

For example, if the school had 50 students for the Olympiad (across all classes and Olympiads), a minimum of 2 students (4% of 50) will be selected for Stage-II. Usually, the 4% students will be selected based on the nearness to 8 - 10% merit cutoff.

The decision of SIMO Education shall be final in all matters pertaining to number of selections for Level II (Final Test).

AWARDS & RECOGNITION

All the students who attended any of the Olympiads will get a 'Certificate of Merit and Participation' in association with Shaastra 2016, IIT Madras indicating the level of the performance of the student in the Screening Test.

Super Challenge

SIMO Education content development teams consisting of past International/National Olympiad Awardees, consistently develop new problems on various concepts for SIMO Education Olympiads. This is striking feature of our Olympiads and our papers receive wide appreciation from International Problem Solvers community across the globe. We are proud Olympiad content partners of many companies and organizations across the world.

As per recommendations of Olympiads Core committee, we announce a cash award of Rs. 10,000 (Rupees Ten Thousand only) per each problem, in case, if you are the first to find exact problem at any other place in the world prior to SIMO Education Olympiad. The challenge is valid till announcement of Screening Test results.
