SYLLABUS

Syllabus for SIMO, SIPHO, SICHO, SIBO and SISO is same as that of the respective classes. In order to not provide any unfair advantage to students of a particular Board, our Olympiads test students on topics that fall at the intersection of CBSE and various State Boards curriculum. A student is not expected to know any additional content other than what is prescribed by their Board. However, SIMO Education Olympiads test depth and concept clarity of a student rigorously. Please login to our website to know classwise syllabus for Screening Test 2013 for all the Olympiads.

INAT, INIO and INEO have no prescribed syllabus as they do not conform to academic curricula. A student can download model papers from SIMO education website to get a fair idea of the kind of questions that will be asked in exam.
